

TRADITIONAL TRELLIDOR
RETRACTABLE GRILLES

Lock Out The Worry.

Unmatched, custom-made protection you can trust.

TRELLIDOR®
THE ULTIMATE CRIME BARRIER

Custom-made security solutions that protect people and property.

TRADITIONAL TRELLIDOR RETRACTABLE GRILLES

A series of customised, fully framed trellis-patterned gates engineered to resist attack while being easy to slide and operate. The gates are fitted to doors and windows and are also available as fixtures (non-opening burglar bars) on selected products.

T700i

Protect what matters with the strength and assurance of Trellidor.

For medium to high-risk environments, the T700i provides the perfect balance between strength and value within the Trellidor retractable product lineup. That's why the Trellidor T700i stands as the world's most sought-after retractable grille - trusted, chosen and installed more than any other.

1 Reliable Protection
Ideal for residential and commercial settings in medium to high-risk environments.

2 Sleek Design
Minimalist, streamlined appearance with a premium powder-coated finish.

3 Custom Made
Perfectly tailored to fit your unique space by Trellidor experts.

4 Built for Peace of Mind
Designed to resist intrusion and deliver long-lasting durability.

T950i

Strengthened premium sliding barriers.

Reinforced to provide top quality protection, these galvanised steel gates have few comparable rivals in terms of resilience under attack.

Why choose Trellidor T950i

1 Robust Design

Fitted with a tamper resistant Trellidor Deadlock that locks in multiple points using one key.

2 Bottom Lattice Link Assembly

This design minimizes the risk of bottom sagging, enhances load distribution, and ensures consistent operation by preventing lateral movement when opening and closing.

STANDARD FEATURES THAT SET TRELLIDOR TRADITIONAL SECURITY APART

All steel components are double roll-formed, hot dipped galvanised and powder-coated with UV treatment.

Custom made means manufactured for your opening with no adjustable components, maximising product strength.

Custom-made double vertical u-shaped upright bars for added strength and corrosion resistance.

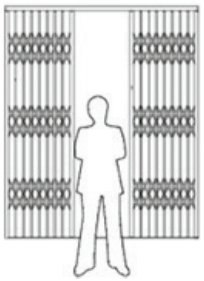

U-shaped profiles ensure all surfaces are treated with a superior anti-corrosion powder coating.

Frame connects to T-shaped bottom track for added strength and easy maintenance.

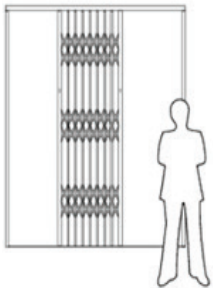

One computer cut key engages the lock in multiple locking points.

Top hung, alternate wheels and links across three uprights for smooth operation.

COLOURS

All Trellidor products come in 4 standard colours. Special colours are available on request, allowing you to choose a colour to best suit your decor or your corporate colours. Lead times may vary based on in-country product availability.

The Trellidor powder coating system includes a pre-treatment process that enhances our products' corrosion and UV resistance. The powder coating is ideal for coastal and inland conditions and increases the lifespan of the barrier by retaining its quality finish.

*Actual colours may vary slightly due to device settings, differences in printing substrates, or personal perceptions of colour.
