Trellicor (Pty) Limited

2. The certification covers the use of a 90 degree locking post to form grilles on either side of the post, using the 'standard' and 'flexi', single, double leaf or side by side collapsible grille models. The locking stile adjacent to the 90 degree locking post incorporates an external key only version of the Trellilok Mk IV model. This locking system incorporates an external Winkhaus VS604 single Europrofile cylinder and no exit device.
3. The grilles are certified when installed into these substrates in accordance with the instructions provided on document LUG-A-057 (Revision A) and LUG-A-105 (Revision A).

This certificate is maintained and held in force through regular surveillance activities.
